3D Embroidery

This is great for caps to give a real standout look to your logos on Caps.

ART REQUIREMENTS

- A vector art file from Illustrator or CorelDraw (.eps, .ai, .cdr) gives the best results and is much easier for us to work with.

- A hi-resolution bitmap (300 dpi+).

PROS

- Best on Caps.

- We can sample for client approval.

- Quality texture feel to the logo.

- Easy to repeat.

CONS

- The design needs to be thick – if it's too intricate we cannot get the puff underneath it.
