Large Format

We have a large format machine that will allow us to print up to 80cm x 80cm. This is a one hit process and we can only do more than 1 colour if registration is not important. Works Great on white tees and products like sunshades etc

ART REQUIREMENTS

- A vector art file from Illustrator or CorelDraw (.eps, .ai, .cdr) gives the best results and is much easier for us to work with.

PROS

- Big print with impact.
- Can print over seams and other garment features.
- We can sample for client approval.

CONS

- Can be expensive on small runs.
- Only 1 or 2 colours if there is no registration - ie. the colours don't touch
